“Given the following within relevant legislation

<https://www.legislation.gov.uk/ukpga/2011/13/section/34/enacted>

34Engagement with local people

(1)A chief officer of police must make arrangements for obtaining the views of persons within each neighbourhood in the relevant police area about crime and disorder in that neighbourhood.

(2)A chief officer of police must make arrangements for providing persons within each neighbourhood in the relevant police area with information about policing in that neighbourhood (including information about how policing in that neighbourhood is aimed at dealing with crime and disorder there).

(3)Arrangements under this section must provide for, or include arrangements for, the holding in each neighbourhood of regular meetings between—

(a)persons within that neighbourhood, and

(b)police officers with responsibility for supervising or carrying out policing in that neighbourhood.

(4)It is for a chief officer of police to determine what the neighbourhoods are in the relevant police area”

Question:

1) What date was the last time officers held in person meetings with local people to discuss problems arising and what date/s is your next in person meeting with all local communities? Please provide your plan of action with dates. (all Staffordshire)

2) (received on 14/05/24) Given the low voting turnout - Just 15 per cent voters in Stoke-on-Trent . Turnout in Newcastle was

19.7 per cent. - Overall turnout was just 19.2 per cent; doesn't that raise embarrassing questions about you having a mandate and actually being representative of the area you have powers over, will you be taking 19.2% of your salary in line with the actual percentage of votes you have achieved?

Mr Riley 13/05/24

1. What did this years Staffordshire PCFC survey cost and how many people responded to it?
2. How many people are employed in the Police Crime Fire Commissioners office and at what cost?

Mr Read 11/06/24

1. You announced to this Panel in January that you were spending about £500,000 on new ANPR cameras, both fixed and mobile. Presuming that most/all of these have now been purchased and installed, can you give an indication how many offenders have been identified/fined/.prosecuted etc?
